(b) The necessity of this administrative regulation: This administrative regulation is necessary to effectively manage elk populations in Kentucky, while providing optimal elk hunting opportunities.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 150.025(1) authorizes the department to promulgate administrative regulations to establish hunting seasons, bag limits, and the methods of taking wildlife. KRS 150.177 authorizes the department to issue special commission permits for game species to nonprofit wildlife conservation organizations. (2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This amendment creates two (2) new limited entry areas and defines those boundaries. The amendment also modifies the allowable areas a landowner elk permit holder may hunt.

(b) The necessity of the amendment to this administrative regulation: See 1 (b) above.

(c) How the amendment conforms to the content of the authorizing statutes: See 1(c) above.

(d) How the amendment will assist in the effective administration of the statutes: See 1(d) above.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: There are approximately 25,000 to 45,000 people who apply to hunt elk in Kentucky each year, of which approximately 910 are drawn. People who own or lease land over 100 acres can enter into an agreement with the Department for elk hunting access and receive elk permits based on the number of elk that are harvested on the property. Alternatively, people who own or lease land over 5,000 acres can enter into an agreement with the Department for hunting access and receive an elk permit.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: All drawn hunters can apply online for a Limited Entry Area and must comply with the changed boundaries. Landowner cooperator permit holders will now be able to hunt on adjacent property with landowner permission.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not establish any fees nor does it indirectly increase any fees.

(9) TIERING: Is tiering applied? Yes. Residents of the counties within the EMUs who are not drawn for the regular quota hunt shall be eligible for a late season depredation hunt. This hunt allows residents to assist landowners in removing elk causing property damage in 2 areas with chronic nuisance elk problems. Fewer than 50 tags for antlerless and spike bulls will be drawn. These tags can only be used on private land within one of the 2 Elk Management Units (EMUs). The number of tags to be issued will be determined by the level of nuisance elk cases or property damage caused by elk documented within the EMUs prior to January each year.
